# INSPIRING QUOTES

You  
DON'T  
NEED TO BE  
AN EXPERT  
TO DO  
SOMETHING  
GREAT

# Frontend Development

## TASK LIST

Join our team to gain hands-on experience building modern web applications. Collaborate on projects, translate designs into code using HTML, CSS, and JavaScript, and implement UI/UX best practices. Learn debugging and optimization techniques while enhancing your frontend development skills. This internship offers valuable real-world experience in web development.

# TASK 1

## IMAGE GALLERY

Create an image gallery where users can view a collection of images. Use HTML/CSS for layout and JavaScript for image navigation and any interactive features.

# TASK 2

## Build a Calculator

A Calculator Project with basic arithmetic operations functionalities like addition, subtraction, multiplication, and division will be highly useful to a novice who has the essential knowledge of HTML, CSS, and JavaScript. You'll need to design a user interface with buttons for entering data and a display screen for displaying the results.

# TASK 3

## Build your own Portfolio Site

Building a personal portfolio website is one of the most simple yet tough front-end project ideas. You might begin by using your website as a resume. This means you can add information to the website about your experience, talents, and expertise

## TASK 4

### Music player using JavaScript

The architecture, which is divided into three buckets, will be used: CSS (Cascading Style Sheets (adding styling to each element defined in the HTML file) JavaScript is a programming language that allows you to (adding elements for audio, player buttons, and music information) (when HTML elements are clicked, functionality is added)

# SUBMISSION DETAILS

You will have to provided task submission in 5 days in your whatsapp group during your internship period .

It's essential for each intern to complete three task in the assigned tasks. If someone completes only two or one tasks, their internship may be considered incomplete or certificate will not be provided, So Please make sure to fulfill all tasks assigned to you and submit in Submission form to ensure a successful Internship.
